Graeme Ferguson 5/6 "Absolutely Tops"

Vicki Renick Asst Prin..... "Great experience for teachers / challenges for children. Makes science fun."

MONTPELIER PS:

Jennie Geels Science Coordinator..... "...The staff, parents and children could not speak more highly of you and your show. One parent who is a teacher, asked where I 'got you from' so expect another call from Geelong next year. TEachers from Montpellier also requested that you come back. There was so much positive feedback that it's a wonder your head hasn't expanded. I thoroughly enjoyed your show Royce and feel very fortunate tat you were able to come to Montpellier and share your wisdom and fun with science..... Looking forward to seeing you next year.. What a blast!"
